IPO Analyst Intern | InsightsKnox

Remote | Oct 2025 – Present

- Analyse upcoming Initial Public Offerings (IPOs) by reviewing Draft Red Herring Prospectus (DRHP) documents to identify business strengths, risk factors, and "Use of Proceeds."
- Evaluate company financials and valuation multiples against industry peers to determine listing gain potential.
- Monitor Grey Market Premium (GMP) trends and QIB subscription rates to gauge market sentiment.
- Summarize complex financial data into concise, actionable research notes for investors.

## ACADEMIC PROJECTS & FINANCIAL ANALYSIS

*Full reports available on Portfolio*

### Equity Research: Dabur India Ltd.

- Conducted a 10-year historical financial analysis and forecasted future performance using a Discounted Cash Flow (DCF) model.
- Calculated an intrinsic value of ₹135.03/share vs. CMP of ₹500.90, identifying a significant market premium of 2.73x.
- Performed Relative Valuation comparing EV/EBITDA and P/E ratios against peers like Godrej Consumer and Colgate-Palmolive.
- Assessed financial stability using Altman's Z-Score, resulting in a "Strong" score of 46.58.

### Valuation Model: Caplin Point Laboratories Ltd.

- Built a comprehensive financial model projecting revenue and FCFF (Free Cash Flow to Firm) through FY2030.
- Determined a target intrinsic value of ₹806.57 against a trading price of ₹2,007.95, highlighting a market premium of 1.49x.
- Analysed key efficiency ratios, noting a high Return on Equity (ROE) of 18.98% (Mar-25) and Intrinsic Growth Rate of 20.77%.

### Mutual Fund Performance Analysis

- **Nippon India Growth Fund:** Analysed risk-adjusted returns for this Mid-Cap fund, noting a 5-Year CAGR of 24.07% vs. benchmark return of 24.54%. Evaluated portfolio concentration across Financials and Capital Goods sectors.
- **SBI Focused Equity Fund:** Reviewed portfolio allocation and volatility, identifying a high concentration (33.90%) in Financial Services and a P/E ratio of 20.7x.

### SKILLS

- **Technical Skills:** Financial Modelling (DCF), Relative Valuation, Ratio Analysis, DuPont Analysis, Altman Z-Score, DRHP Analysis.
- **Tools:** Advanced MS Excel (Pivot Tables, Forecasting), PowerPoint (Report Presentation), Screener.in.
- **Soft Skills:** Analytical Thinking, Attention to Detail, Written Communication, Critical Problem Solving.
